MRS. MAY'S LETTER to WOMEN

More Proof that Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Chicago, Ill.—"I suffered from a bad case of female ills. Lydia E. Pinkham's Vegetable Compound was recommended and I took about six bottles. It fixed me up all right. The common symptoms of such a condition—pain when walking, irritation, bearing down pains and backache, nervousness and disordered digestion—soon passed away. I look much better now than I did before, and I recommend the Compound every time for female troubles, as it did for me all it is claimed to do. You have my permission to publish this letter." Mrs. J. MAY, 3548 S. Lincoln St., Chicago, Ill.

If you have any of the symptoms mentioned in Mrs. May's letter, remember what Lydia E. Pinkham's Vegetable Compound did for her, and try it yourself. It is a good old-fashioned medicine, made from roots and herbs, and it has helped countless numbers of women.

If you need special advice, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

NO NOTE OF DISCORD IN EVIDENCE

(Continued from Page One.)

Mr. Hutson said that it was conceded by all, by fair minded political enemies as well as by those of Mr. Wilson's own party, that he was really one of the most popular men who has asked for a renomination to the office of chief executive of this country. "However," Mr. Hutson said, "normally the Republicans, before the defection of over four million voters to the Progressives, outnumbered the Democrats approximately one and a quarter million votes, with these votes so distributed as to do the most good in the selection of electors. While I think, as do many thousands of other Democrats, that Mr. Wilson will be elected, yet all are interested in knowing where the 'third party' vote will go."

Mr. Hutson said that the speech of Temporary Chairman Martin Glynn would go down in history as one of the greatest political oratorical efforts ever heard in this or any other country, while the speech of William Jennings Bryan, demonstrated that while Mr. Bryan and Mr. Wilson may have differences, yet Mr. Bryan is the same loyal Democrat today that he has always been and that he urges all true Democrats to support Woodrow Wilson because of Wilson's policies and because of his known statesmanship and integrity.

GOODRICH BOOSTS OPEN AIR BICYCLE RACING.

Akron, O., May 25.—(Special.)—In respect of make of tire used, or whether the riders be amateurs or professionals, the B. F. Goodrich Co. has announced that to the club team making the highest score in 1916 open air road bicycle races held under National Cycling association sanction and rules, it will present a beautiful hammered silver trophy cup, valued at around \$400.

The purpose of the Goodrich company is to increase interest in open road competition. Notwithstanding the fact that the Goodrich factories produce the famous Palmer Cord Bicycle Racing tires, the Goodrich Giant Safety and other widely-used tires, the contest is open to riders upon any make of tire because the object is simply to encourage more amateurs and other cyclists to participate in the sport.

BIG HOTEL FOR GIRLS IN GOTHAM

By United Press.

New York, June 21.—Work was begun here today on a 13-story hotel for Gotham's hallroom girls. The structure, being put up by prominent New York women, will contain "beaux rooms" or "spooning parlors" on every floor and the girls may do as they please about the hours they keep. It is to be called the Hotel Irving for Women, as the idea is Mrs. Richard Irving's.

The first consideration is to provide an ideal and independent home for girls and women where charity will have no place. Each guest will be as independent as any guest of a hotel anywhere.

The guests of the Hotel Irving may go and return as they please at any hour of the night, and there will be no question of propriety as to the hour," was the announcement.

Mrs. Philip Charbonne said there were 70,000 working girls in boarding houses in Manhattan, most of whom have no place in which to receive company.

"We have never been able to learn how many hallroom girls there are in Manhattan," said Mrs. Charbonne. "But we have letters from girls complaining of their lot in such places, especially of the rule that prohibits them seeing their male friends at their homes. This leads to evils, such as frequenting cafes or walking the streets."

"The hotel will have a dance and assembly room, and, in addition to the house laundry, each girl may use a small laundry on each floor for washing handkerchiefs and waists," said Miss Virginia Potter. The thirteen floors will accommodate more than 400 women.

There are to be a number of these "beau parlors," where each guest may have privacy. They are also to have a roof garden, a chafing dish room for little parties, a big restaurant, a gymnasium, a hospital, sitting rooms, sewing rooms, and all the luxuries of a modern hotel at cost ranging from \$4 to \$8 a week. The greatest expenditure will not be able to exceed \$8 a week for room and board.

The hotel clerks will be women, and the only men will be the porters and furnace men.

The cost of the structure and equipment will be \$400,000, for which shares of stock remaining will be offered to those who wish to invest in promoting welfare work. John L. Thomas, who originated the Mills hotel enterprise, has assured the projectors of the women's hotel that the investment promises a fair return on the capital. Women who continue as permanent guests will get a rebate or a share annually in the surplus earnings.

Here's A 'Tip' On Rheumatism Follow It

AN ACCURATE DESCRIPTION

When your arm or your leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pains accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "tying up" the strands of muscles in your body, or strangling the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local applications such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood purifier that is now easing the pains and healing the ills of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly, as eagerly and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every pore and corner of the body, and chasing the troublesome substances out of the system. The blood thus cleansed, carries off the acid and other injurious deposits and "alters" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But if in addition you should like to have the advice of the doctors in charge of our laboratory, do not hesitate to write us. You will receive free, conscientious and confidential advice. This is in line with our policy to make every effort to insure the best results from S. S. S. to every sufferer. Get a bottle at your drug store today. If you wish special advice, write to Medical Department, Room 45, Swift Specific Company, Atlanta, Georgia.
